NOW IS THE TIME TO ACT!

GET READY FOR THE CITIZENS' PARTY PRIMARIES.

WHAT WILL THE VERDICT BE?

Wise Actions and Judicious Nominations Will Mean a Sweeping Victory for the Party.

THE opportunity for success is at hand if the Citizens' party grasps it judiciously. This is not only conceded by the disaffected German Democrats, but also by many prominent Irish Democrats. All who have surveyed the field carefully agree and the Citizens' party have not had such a good outlook for several years. The only thing that remains to be done is wise action at the primaries to be held to-morrow night.

The Democratic German element is open and loud in their denunciation of the Democratic ticket just put in the field and they boldly and solidly declare that they will support and vote solidly with the Citizens' party this spring if a good ticket is put up.

All last night and all to-day committees were fitting about and calling upon prominent citizens to accept nominations on the Citizens' ticket and help bear arms against the Tammany Hall seed that has been sown in the town.

The most positive assurance is given that the rupture in the Democratic ranks is a bad one and no power can be brought to bear to heal it. This assurance is not given as hearsay, or in whispered confidence, but boldly and earnestly so that all may hear it.

Now there is but one thing for the Citizens' party to do. That is to have a full attendance at all the primaries to-morrow night and calmly but seriously consider the situation from all points and nominate tickets accordingly.

This is the best advice that can be given. It was reported this morning that the following slate would be sent out to-night as a feeler:

- Chief Burgess,
- JOHN WATSON,
- Receiver of Taxes,
- SAMUEL WIDMAN,
- High Constable,
- ROBERT SIDALL,
- Borough Auditor,
- DAVID O. PRITCHARD.

FIRE IN THE FIRST.

A Small Boy and a Match Caused the Trouble.
The fire department was called to 239 North Bowers street last night by an alarm that was sounded shortly before nine o'clock. The house in which the fire started is occupied by the family of Philip Yontousky. A boy dropped a lighted match in some bed clothing and the blaze started. The fire was speedily extinguished and the damage was limited to \$15. Mr. Yontousky had his right hand badly burned in carrying out the blazing bed clothing.

The New Electric Road.

Since the announcement that a charter has been granted for the Lakeside Street Railway Company many have been speculating upon the probable route that the road will take. Gentlemen, who are interested in the undertaking, say that they can give no positive information now, but they hint that the route may be staked so that it will connect with the Shenandoah Traction Company's line in Mahanoy City and take a route over the mountain some where near the cemetery. Such a course would indicate that the object will be to make the line as short as possible between Mahanoy City and the pleasure resort.

Electric Railway Bulletin.

Hereafter the electric railway cars will leave the corner of Cherry and Main streets at 5:30 a. m. daily and every 30 minutes thereafter until midnight, at which hour the last car will leave for Girardville. On Monday, November 7th, 1892, the fare for any length of ride between Shenandoah and Girardville will be reduced to five (5) cents.

A BRAKEMAN KILLED.

Crushed to Death Between Cars at Mahanoy Plains.
Michael Marchian, a Hungarian about 23 years of age and employed as coal train brakeman on the Philadelphia and Reading Railroad, was killed at Mahanoy Plains yesterday afternoon.
Marchian was in the act of coupling empty cars on the "light track" when another train backed up against the empty cars and the brakeman was caught. The life was squeezed out of the man.

4,967 votes have been polled in the HERALD'S teachers' contest and the friends of the contestants still keep up their one-thousand-a-day gaiety.

The contest is a glorious success. Such a contest has never been known in this section of Pennsylvania.

Miss Connelly still maintains a splendid lead and Miss Burns is "holding on fast." Four additional teachers have now passed the three hundred mark and two of them—Misses Fairchild and Stein—have advanced remarkably during the past three days. They now hold fourth and fifth place, respectively.

A new contestant has entered the field in the person of Mr. Charles McGorvin, one of Girardville's popular school teachers. Accompanying the coupons sent in for the gentleman was the following interesting and amusing letter:

CONTEST EDITOR.—The contest which is now in progress under the management of your paper is creating some interest here. By HERALD we notice that some of your business men are also giving encouragement by further promise of valuable gifts. We may suggest that if any gentleman has any particular reason to think the enthusiasm may become more intense by stating that some one is ready to enter into matrimony with the lady receiving the highest number of votes, that he insert his card to that effect. One Girardville teacher has entered the contest, for whom students please find 25 votes. As he is not a lady teacher would it not be well to have one gentleman in the fight? There are several, but their votes are few as yet. GRAPHIC.

We are pleased to have "Graphic's" candidate in the field and would like to see other teachers who are not residents of Shenandoah enter and take a lively interest in it. The contest is open to all public school teachers in Schuylkill county north of the Broad Mountain.

"Mrs. C. L. S." of West Pittston, sends the following pretty little note:

CONTEST EDITOR.—Enclosed find seven votes for my favorite teachers. An very much interested in your new undertaking.

"A. H. D." of Slatington, writes:

CONTEST EDITOR.—As a large number are taking the opportunity of your liberal offer, and wishing a friend to enjoy it, I enclose you six for a friend who is on the list. I wish the HERALD success in every respect.

And so it goes. Everybody is becoming interested in the undertaking and at home, abroad, on the railway cars, on the electric cars, in churches, in theatres, in and out of the mines, and even when they are asleep people are asking, "Have you got a HERALD teachers' contest coupon which you do not intend to use?"

Yes, it's a great success.

THE DEMOCRATIC BOROUGHS TICKET NOMINATED.

TUESDAY'S PROGRAMME STANDS

Burns for Chief Burgess, Scanlan for Receiver of Taxes, Flynn for High Constable, Doyle for Borough Auditor.

It is putting the matter mild to say the German Democrats of town are excited. They are delirious with indignation and no saloon keeper in town keeps the national beverage cool enough for them. "Tom tam Irish" is the expression on all sides and many of the party have made known publicly their intention to bolt the ticket and support the best or all the candidates the Citizens' party may put up.

The Germans are certainly left high and dry on the spring's visit of the Democratic Santa Claus and of all the stockings they put up at the fire places but two were touched, and when they were pulled down a little penny, all-day-hard-work inspectorship was found shivering in the toe of each.

When the Germans were knocked sprawling Tuesday night and did not get a chairman out of the five they and "Jim" Smith fell into each others' arms and wept for indignation. "Never mind, Chim, you couldn't get here, and needer couldn't ve, but ve'll make it hod for dem." Smith's sentiments were ventilated at the Second ward primary when he said, "If you people want to put only Irish on your ticket and think it will pay you, why go ahead."

But all these imprecations and expressions of indignation have had little effect upon the party that has handled the iron rod and last night the clean sweep was made complete in the Democratic borough convention by the nomination of the following ticket:

- Chief Burgess, James Burns.
- Receiver of Taxes, M. J. Scanlan.
- High Constable, Anthony Flynn.
- Borough Auditor, John E. Doyle.

There was no difficulty in forming the above combination, as all the conferees were free to get upon the platform upon which they were elected. Smith took the results of Tuesday evening as final and the Germans gave themselves up as completely routed. When the latter succeeded in so little at the primaries they concluded to surrender all, and many of them spent the most of Tuesday night praying that their victors would not try to heal in the wound by nominating a German for High Constable in the borough convention. The prayers were answered.

"Irish from top to bottom, and even the licensees just issued by the license court wear a green seal," said a German in Noll's restaurant last night. "The fact is the Irish have no more use for the Germans, but now rely upon the Polish and Lithuanian vote. In this they will find themselves sadly mistaken, especially after they have forced the Germans to bitter opposition."

Shields a Candidate.

James Shields to-day announces himself as a candidate for the nomination for Council in the First ward on the Citizens' ticket. Mr. Shields says that he makes the announcement in all seriousness and he will make an earnest effort to secure the nomination. He has been a resident of the town for a number of years, is a property holder, and believes that he has all the qualifications to represent the people of the First ward and the borough in the Borough Council, with an ability equal to that of any other candidate in the field. So far as his politics are concerned, Mr. Shields says that he has always been an independent voter. He has always selected and supported men who seemed to him to be the best fitted for office and he cannot be charged with being a disgruntled Democrat seeking a berth on the Citizens' ticket. As an independent voter he seeks the nomination on the ticket which is made up of men, irrespective of politics.

THE EARLY BIRD.

A Reasonable Hint to Those Who Seek Office.

It is the early bird that catches the worm and the candidate for office who first announces himself generally stands a better chance than the one who waits until all promises are made. Apart from this, Shenandoah ought and will demand recognition for some of the numerous offices to be filled next fall.

There will be three county Commissioners to be elected and Shenandoah is certainly entitled to one this year. Accordingly, it may be proper to announce now that William Neiswender, at the earnest solicitation of his many friends, has decided to become a candidate for one of the Commissionerships and has requested his friends to assist him in making the nomination.

Mr. Neiswender has the ability to make a good officer and would make an exceptionally strong candidate. His nomination would mean an election.

We have it from pretty good authority that M. H. Master, of town, will be a candidate for County Treasurer next fall. He is certainly one of the solid rising young Democrats of the county and made a very creditable canvass three years ago for the same office. Very few men in the county possess more actual popularity than he does, because he is reliable, and that is just what would fit him for such a position. He will make a strong candidate.

Political Feats.

Everything points to success for the Citizens' party.

Cool heads are wanted to manage the ward primaries on Friday.

The First ward Citizens will probably nominate a full ticket this year.

The election laws are to undergo an overhauling. The terms of state, county, borough and township offices are to be extended and elections held every two years instead of annually, and the spring elections abolished.

John F. Finney will be a candidate for School Director in the Second ward, instead of Council.

The resignation of School Director Williams, of the Second ward, is expected in time to enable the Citizens' party fill the vacancy.

There will be more lively times in the First and Fifth wards this spring than anywhere else in the county.

The Democratic ward tickets do not mesh with the favorable reception the followers of that party expected.

If elections are held every two years instead of annually the saving to the state and county will amount to hundreds of thousands dollars.

Poor directors and borough and township auditors should be elected every three years, to serve for three years and the voter to vote for two candidates only. This would give the minority party a representation on these boards. That is how the county commissioners and county auditors are elected.

New Ireland.

EDITOR HERALD.—I am a disappointed Democrat; that I will not deny, and I propose to join the party where we should have been long before this. We have been the ball to the Democratic kite long enough and it was time we took a tumble. I would suggest that the name of Shenandoah be changed to New Ireland; it is more appropriate, since the Irish want everything and they get it—with our votes.
